WELCOME

Hello! Thank you so much for your interest in Tangible Little Moments Photography! We are a portrait studio in Medford, NJ. My name is Jena Rae Torres and I am the owner and lead photographer. I live in South Jersey with my husband, Vince, and my westie puppy, Cooper.

IEver since my own wedding, I have had a love for capturing couples on their special day. The raw emotion and genuine happiness at a wedding is so special and it truly gives me all the feels. As your photographer, it is my job to capture your every aspect of your day so that you are able to look back many years from now and still feel all of those same emotions that you had that day.
